Audience

Teachers and Educators

Michigan Model for Health™ Growing Up and Staying Healthy: Understanding HIV and Other STIs is a curriculum to provide middle school students the knowledge and skills they need to avoid sexual behaviors that can damage their health and prevent them from reaching their full potential.

Healthy & Responsible Relationships is a sex education and HIV prevention curriculum for grades 9-12 that focuses on abstinence as the safest and healthiest choice for school-aged youth while teaching risk reduction strategies.

Your school board must approve and adopt this curriculum before implementation, and the instructor must be Highly Qualified, with an MA, MX, or KH endorsement.

SCECHs are available for all sessions.

*Sub-reimbursement is available.
