## **MICHIGAN MODEL FOR HEALTH CURRICULUM REFRESHER COURSE**

March 19, 2025 | 8:30 am-3:00 pm | Lunch provided

**AUDIENCE:** Teachers and Educators

Take advantage of this complimentary in-person refresher course that will assist in identifying and ranking essential health skills to be taught from the MMH curriculum, reviewing additional curriculum content necessary for:

- Successful implementation
- Recognizing new vital components of the curriculum
- Acknowledging the correlation between CASEL's five SEL competencies and the MMH curriculum.

## **MICHIGAN MODEL FOR HEALTH CURRICULUM 6-12**

October 22, 2024 or December 5, 2024 or February 21, 2025

8:30 am-3:00 pm | Lunch provided

**AUDIENCE:** Teachers and Educators

The Michigan Model for Health curriculum, designed for 6-12 grade students, provides various learning opportunities that teach essential skills for health and life.

The program covers multiple topics, such as nutrition, physical activity, social and emotional health, tobacco, other drugs, safety, and personal health and wellness.

The full-day training is free, but an online portion must be completed, and a certificate of completion must be provided to schmidt@baisd.net before the on-site, in-person training.

## **MICHIGAN MODEL FOR HEALTH CURRICULUM PLANNING AND ADAPTATION**

November 20, 2024 | 8:30 am-3:00 pm | Lunch provided

**AUDIENCE:** In this full-day session, teachers and educators implementing the Michigan Model for Health Curriculum will adapt and plan for the Michigan Model for Health.

We will review the current materials, conduct a needs assessment, identify areas where adaptation is necessary and feasible, brainstorm ideas for an adaptation plan, and create a pacing guide.

## **MICHIGAN MODEL FOR HEALTH CURRICULUM K-5**

October 8, 2024; November 13, 2024; February 4, 2025

8:30 am-3:00 pm | Lunch provided

**AUDIENCE:** Teachers and Educators

The Michigan Model for Health is a proven, effective program that promotes health skills and prevents risky behaviors. It is designed for teachers and educators to integrate into their core school curriculum in 21 sessions that last approximately 15 minutes each.

The full-day training is free, but an online portion must be completed, and a certificate of completion must be provided before the on-site, in-person training.

*\*If you are an educator in a district or ISD outside of BAISD or IRESA, additional fees may apply.*
